DURANT MOTOR CO. of CALIFORNIA
Oakland, Calif.

DURANT MOTORS of CANADA, LTD.
Toronto (Leaside), Ontario

TO ORDER PARTS

Parts Order forms are furnished to our dealers without charge, for ordering parts from us. This form should be used in each instance where written orders are sent in, and should be used as confirmations of telephone and telegraph orders.

The order in such an instance should be marked, "Confirmation of our wire (or telephone) of such and such a date," so there will be no possibility of making another shipment on the same order.

The information requested on the Parts Order should be filled out in detail in order to insure the quickest possible service. The part number, the full name as listed in Parts Book, the model, and the serial number of the car should be furnished in each instance. In case of any doubt, give a full description of the part, and if possible send the old part to us for duplication. Dealers should use "Returned Goods Form" furnished without charge.

In case of any error in the shipment of a parts order, claim must be made within 5 days from receipt of the shipment, and the original packing slip returned to us with full information concerning the error.

We cannot assume responsibility for delay or damage to goods while in transit. Our control ceases when we deliver shipments to the transportation companies. We will be very glad, however, in each instance to assist in tracing or placing claims. When the delay works a hardship on the customer, dealers should always wire for duplicate shipment.

STANDARD PARTS

We have shown Standard Parts specifications in Parts Lists for information only, as they can be obtained at hardware dealers. The only Standard Parts stocked by us are those shown in this Repair Parts Price List.

TO RETURN PARTS

When returning parts for inspection or replacement, our Return Goods Notice and Return Goods Tag must always be used. These are furnished the dealer, and full explanation of the necessary procedure will be found on each Return Goods Notice.

The information requested is absolutely necessary, and delay in receiving credit will always be the result of incomplete information in case these forms are not used.

When making claim for replacement of parts claimed defective, each part should be properly cleaned and tagged and returned to us, charges prepaid.

Parts returned will be credited only when adjudged faulty by the factory, and when claim is made in accordance with our instructions.

It is understood and agreed that our warranty, as published by us in our selling agreement, is null and void on any DURANT, RUGBY or STAR model where parts not made or sold by us have been used in replacement.

TELEGRAPHIC CODES

The Code Should Not Be Used When Ordering Parts by Mail

For the convenience and expense-saving in ordering parts by telegraph, we have used code words of 10 letters, to which the numerals 1, 2, 3, 4, 5, 6, 7, 8, 9, 0 are applicable.

When an order can be sent in a regular ten-word wire or a fifty-word night letter, we suggest that the code not be used, as nothing would be gained by so doing.

Telegraph companies will not accept night letters or day letters where code words are used.

The code word is DURAMOTIVE for DURANT, RUGBY and STAR parts, and the letters represent the figures just given. By using this system the figures of the part wanted are applied to the letters of the code word as they follow in sequence, and whatever combination this makes is the word to be used in the wire. For example:

D U R A M O T I V E

1 2 3 4 5 6 7 8 9 0

Part No.

4361

9282

9034

1785

Code

AROD

VUIU

VERA

DTIM

In case a standard part is desired, separate prefix letter with x.

Example: C-1 2 4 1 Hub Bolt $\frac{3}{8}$ x 2"—16 U.S.S.

Cx D U A D

CODE PHRASES

EXPRESS	Ship by express to
AMERICAN	Ship by American Express to
SOUTHEASTERN	Ship by Southeastern Express to
RADIUM	Ship our order No. by express instead of freight
BEWARE	Ship our order No. by freight instead of express
HELP	Trace shipment of our order No.
ATTENTION	Carriers have been instructed to trace shipment of our order No.
FREIGHT	Ship by freight to
PARCEL	Ship by parcel post to
GRAMO	Have you shipped the parts ordered in our telegram of
HOPE	When will you ship the parts ordered in our telegram of
QUERY	When did you ship the parts ordered in our letter of
WAVER	Cancel our order by telegram of
CANDLE	Cancel our order by letter of
ADVERB	Add to our order by telegram of
ADCRAFT	Add to our order by letter of
LARGO	How and when did you ship our order

WARRANTY

We warrant each new DURANT, RUGBY or STAR motor vehicle sold by us to be free from defects in material under normal use and service, our obligation under this warranty being limited to making good at our factory any part or parts thereof which shall within ninety (90) days after delivery of such vehicle to the original purchaser be returned to us, transportation charges prepaid, and which our examination shall disclose to our satisfaction to have been thus defective; this warranty being expressed in lieu of all other warranties expressed or implied and of all other obligations or liabilities on our part.

This warranty shall not apply to any vehicle which shall have been repaired or altered outside of our factory in any way, so as, in our judgment, to affect its stability or reliability, nor which has been subject to misuse, negligence or accident.

We do not make any guaranty against, and we assume no responsibility for, any defect in metal or other material, or any part, device, or trade accessory that cannot be discovered by ordinary factory inspection.

It is understood and agreed that our Standard Warranty as shown above is null and void on any DURANT, RUGBY or STAR model where parts not made or sold by us are used in replacement or otherwise.
